**A Crop for Land Still Unplanted**

This is your **LAST CHANCE** to plant a crop which will add to this winter's grain supply.

**BUCKWHEAT** does well on rather poor soil.

The poultrymen of Connecticut alone can use 175,000 bushels of **BUCKWHEAT** for chicken feed. Only 60,000 bushels were grown last year.

**It will cost \$3.00 for enough BUCKWHEAT to sow an acre. You can expect 15 to 20 bushels return.**

Get your **BUCKWHEAT** seed **NOW** locally or from the **CONNECTICUT COMMITTEE of FOOD SUPPLY.**

USDA  
FIB

A supply of bulletins on **BUCKWHEAT** is available at the office of the Committee of Food Supply, 36 Pearl Street, Hartford, Conn.
